

SBLOC Interest rate information

Determination of the variable interest rate tier for a Securities-Backed Line of Credit (SBLOC) account is based on the maximum drawing power of the loan as indicated in The Bancorp's Commitment Letter (Commitment Amount), the sum of The Wall Street Journal Prime Rate (WSJP), and the applicable margin.

Borrowers have the ability to revolve the credit line, giving them the flexibility to repay the line without prepayment penalties. There is no minimum draw amount or time limit to make an initial draw on the line.

Securities-Backed Line of Credit (SBLOCs) are offered by The Bancorp Bank, N.A., Member FDIC, to Betterment clients. Betterment is not a bank. See more below.

Commitment Amount (Maximum Drawing Power)	Variable Rate ^{1,2} Calculation	Floor	Advance Rates ³

1. Changes to the Commitment Amount may result in a change to the interest rate tier.

2. Collateral additions, subtractions, or market value changes may reassign the loan to a different interest rate tier. Interest rate review requests must be made in writing, using the change in terms request form that is available on our website.

3. These are maximum percentages. Securities in a pledged account, which may also include cash, must meet the bank's collateral eligibility requirements including portfolio composition and concentration. All percentages are subject to change in the bank's sole and absolute discretion, at any time.

4. The advance rate for an all-cash portfolio is 95%.

SBLOCs require credit approval, cannot fund securities purchases or margin loans, and carry unique risks. Terms may change without notice. Betterment earns revenue on SBLOCs.
