

Help your employees thrive with Student Loan Management

Student loans are an increasing financial obstacle for millions of people, and employees are looking to their companies for support. To attract and retain top talent, you need benefits that add up to a workplace they can't find anywhere else.

Meet Student Loan Management by Betterment

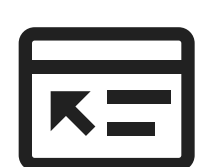

Support your employees with a benefit that lets them organize, track, and pay off their student loans faster.

\$ One third of all millennials carry a student loan¹

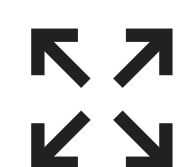

💡 But only 8% of employers offer a student loan repayment benefit²

A benefit that goes both ways.

EMPLOYERS

Seamlessly integrate all your financial wellness benefits in one easy-to-use dashboard

Aim to increase retention by showing employees that you're invested in them

Take student loan support further with an optional tax-advantaged match contribution

EMPLOYEES

Gain a clear picture of all student loans in one place

Get financial advice on tackling high-interest loans

Set up additional payments towards paying off student loans

Student Loan Management by Betterment helps your employees organize and pay off their student loans—while adding value to your benefits offering.
