

Why save with a 401(k)?

It's your retirement. We help personalize it.

Betterment helps you make the most of your 401(k) based on your goals. The sooner you start saving, the more we can help you prepare for your future.

Balances were estimated assuming a starting salary of \$50,000 with 3% annual increases and an annual investment return of 6%. Balances were calculated net of a 0.25% management fee.

Not illustrative of actual client performance, which may vary. Past performance is not indicative of future results.
