

Payroll Integrations

Payroll integrations streamline many aspects of 401(k) plan administration, freeing up more of your time to focus on your company and employees.

360 Integrations

Fully automated, two-way communication between Betterment and your payroll provider. Employees will become eligible and enrolled consistent with your plan rules, and:

- employee accounts are automatically created and maintained;
 - deferral rate information is automatically sent from Betterment to your payroll provider; and
 - contributions are automatically remitted to Betterment when you run your payroll.
- ADP Run
 - ADP Workforce Now
 - Paychex ¹
 - Paylocity
 - Rippling
 - TriNet
 - Workday® ²
 - Zenefits

180 Integrations

Allows for automated sync of employee and payroll data from your payroll provider to Betterment. Employees will become eligible and enrolled consistent with your plan rules, and:

- employee accounts are automatically created and maintained; and
 - contributions are automatically remitted to Betterment when you run your payroll.
- Apex HCM ¹
 - Ascentis
 - Ceridian
 - Paycom ¹
 - UltiPro ¹

All you'll need to do is make sure any employee deferral rate changes are reflected in your payroll system before running payroll.

¹ Integrations via a third party

² Betterment is not affiliated with, sponsored or endorsed by Workday, Inc.
